

INTERNATIONAL CONFERENCE ON INNOVATIONS INDUCED BY RESEARCH IN TECHNICAL SYSTEMS

2019

International Scientific Committee Chairs:
General Chair: Prof. Wojciech Kacalak (Poland) Co-Chair: Prof. Maciej Majewski (Poland)
Organizing Committee:
General Chair: Prof. Maciej Majewski (Poland) Member: Dr Filip Szafranec (Poland)
International Scientific Committee:
Dr Chamil Abeykoon (UK) Prof. Andrzej Ambroziak (Poland) Prof. Charis Apostolopoulos (Greece) Prof. Jan Awrejcewicz (Poland) Prof. Jerzy Bajkowski (Poland) Prof. Marek Balazinski (Canada) Prof. Sergio Baragetti (Italy) Prof. Adam Barylski (Poland) Prof. Stefan Berczyński (Poland) Prof. Tadeusz Bohdal (Poland) Prof. Xun Chen (UK) Prof. Olaf Cizak (Poland) Prof. Isaac Elishakoff (USA) Prof. Józef Gawlik (Poland) Prof. Zbigniew Gronostajski (Poland) Prof. Adam Hamrol (Poland) Prof. Jean-Yves Hascoët (France) Prof. Tadeusz Hryniewicz (Poland) Prof. Jan Kiciński (Poland) Prof. Janusz Kowal (Poland) Prof. Dražan Kozak (Croatia) Prof. Waldemar Kuczyński (Poland) Prof. Leon Kukiełka (Poland) Prof. Dariusz Lipiński (Poland) Prof. Czesław Łukianowicz (Poland) Prof. Krzysztof Marchelek (Poland) Prof. Tadeusz Markowski (Poland) Dr Thomas Mathia (France) Prof. Adam Mazurkiewicz (Poland) Prof. Slobodan Mitrovic (Serbia) Prof. Mirosław Pajor (Poland) Prof. Roman Staniek (Poland) Prof. Ion Stiharu (Canada) Prof. Marian Szczerek (Poland) Prof. Marian Wiercigroch (UK) Prof. Jan Żurek (Poland)

Timeline - Important Dates:
First Round (Cycle) of Paper Submission: March 15, 2019
1st Round Notification of Paper Acceptance: April 31, 2019
Second Round (Cycle) of Paper Submission: May 15, 2019
2nd Round Notification of Paper Acceptance: June 31, 2019
Camera-ready Copy Submission: July 15, 2019
Registration and Fee Payment: July 31, 2019
Online Conference Date: October 15-18, 2019

CALL FOR PAPERS

Invitation to participate in the International online Conference on Innovations Induced by Research in Technical Systems - IIRTS'2019.

The Conference serves as a platform for researchers, academicians and professionals to present, discuss and promote innovative solutions and approaches to problems created as a result of their research related to scientific and engineering inventions in the broad field of **Technical Systems**.

The Conference is held under the auspices of the **Committee on Machine Building of the Polish Academy of Sciences (PAN)**.

Visit the Conference Website at: www.iirts.org

Prospective authors are invited to contribute high-quality original papers. The Conference welcomes submissions covering the Conference Main Topics. The language of the conference is English.

CONFERENCE MAIN TOPICS:

The Conference IIRTS'2019 welcomes contributions in any of the related topics:

Modelling of Decision-Making Processes in Machine Design and Manufacturing	Algorithmization and Digitalization of Problems in Machine Construction and Operation
Innovative Technological Processes in Machine Construction	Monitoring of Technological Processes
Processes of Innovation Design and Implementation	Quality Engineering
Economic Aspects of Structural and Technological Innovations	Human-Machine Interface Design and Information Systems
Knowledge Management in Industrial Organizations	Human-Machine Interaction and Teaming
Automation of Production Processes	Industrial Applications of Artificial Intelligence and Expert Systems

CONFERENCE PAPER PUBLICATION:

All accepted and registered papers for the IIRTS'2019 Conference will be published in the **Springer's** series of **Lecture Notes in Mechanical Engineering** in a Volume titled '**Innovations Induced by Research in Technical Systems**'. The books of this series are submitted to ISI Proceedings (Web of Science), EI-Compendex, DBLP, SCOPUS, Google Scholar and Springerlink.

DESCRIPTION OF THE PARTICIPATION IN THIS CONFERENCE:

The Conference will be held on October 15-18, 2019. The Conference is completely virtual mode and requires no physical travel to the conference location. There are no travel costs or accommodation costs.

The Participants will present their research papers online through a computer connected to the Internet and using a microphone and the provided web-based conferencing software. This Conference is offering a fantastic opportunity to attend an international scientific forum from the convenience of your desktop.

**Environmentally-Friendly Scientific Conference
using Modern Communication Technology**

Innovating New Solutions for Technical Systems to Accelerate a Better Future
